

Directions to Chapter 13 Meeting Room

Warehouse Row is located on Market Street between 11th Street and Houston Street. There is a traffic light at each intersection. There is metered parking and a parking garage on the east side of the Warehouse Row building. The Bankruptcy Courthouse is across the street on 11th Street.

Warehouse Row is composed of 2 buildings connected by a covered breezeway. The meeting room is in the South Building. The South Building is at the Houston Street intersection with Market Street. There is a sign identifying the South Building within the breezeway next to glass entry doors. There is also a Service Entrance on the east side of the South Building near the parking garage.

Enter the South Building through the entry doors in the breezeway and walk forward to the double elevators. There is an atrium open from the food court level in the basement that you have to walk around to get back to the double elevators. If you enter through the Service Entrance door, turn left out of the hallway and walk to the double elevators. There is a brass and glass elevator across from the double elevators, but it only goes between the second floor and the basement.

Take a double elevator to the 5th floor. The meeting room is to the immediate left out of the elevator. It is marked as "Bankruptcy Meeting Room".

Please DO NOT enter Warehouse Row through the restaurant or any other of the retail shops.
